

Carolina Lakes Golf Club Memberships

The membership program is an annual membership to include a prepaid golf round package. The membership category exclusive to persons who are residents of Sun City Carolina Lakes will be classified as the Resident Membership. Carolina Lakes Golf Club may offer memberships to as many persons who do not reside on the residential property as they may elect, provided that at no time shall any person who is not a resident of Sun City Carolina Lakes be permitted to remain a member of the Club if there is any resident of Sun City Carolina Lakes who is denied a Resident Membership due to capacity limitations. These memberships for non-residents will be classified as the Non-Resident Membership.

The Resident Memberships are the most advantageous membership category of Carolina Lakes Golf Club. The Resident Memberships have the lowest greens and cart fees available and the right to reserve tee times two weeks in advance. Persons who hold a Resident Membership shall have the right to use their own golf carts on the Golf Course, in lieu of the carts offered by the Club, subject to payment of an annual trail fee.

The Non-Resident Membership will have higher greens and cart fees than the Resident Membership and will have the right to reserve tee times one week in advance. The Non-Resident Membership will not have the right to use their own golf carts.

The membership program of Carolina Lakes Golf Club will not preclude the public from access to the Golf Course. Daily Fee rounds are also available for purchase and Golf Outings and Tournaments will be allowed on the Golf Course. Daily Fee Golf Rounds may be reserved one week in advance of the desired tee time. Golf Outings and Tournaments will be allowed to book in advance during non-peak times for golf play.

The Carolina Lakes Golf Club is a Public Golf Course that is open to Residents of Sun City as well as the General Public. It is run by Blythe Construction and not Pulte Homes/Del Webb.
